Dear hiring manager,

I am writing this letter to strongly recommend MaryElla Spivey for a position at your company.

My name is Alexis Wood, and I am a Family Nurse Practitioner at Fairview Clinic in Dothan, Alabama. I have over 9 years of NP experience and have spent this time at Fairview Clinic building relationships with my patients. I have had the opportunity to work with various nurse practitioner students and MaryElla is one of the reasons why I enjoy having students at my practice.

I have had the pleasure of precepting MaryElla for a total of 300 hours over the course of her nurse practitioner clinical rotations. MaryElla does a great job interacting with patients and holds a vast array of knowledge. I was immediately impressed with her desire to learn and confidence in patient interactions. She has strong knowledge in assessment, diagnosis, and lab/diagnostic interpretation analysis.

I am always impressed with her bedside manner and ability to critically think. For example, we have had several patients who have a multitude of diagnosis, chronic conditions, and health promotion needs. MaryElla is always able to enter the room assess the patient and ensure each problem or concern is addressed. She is excellent at documenting in the electronic health record as she utilizes time management to handle complex patient encounters. In addition, she has frequently recommended alternative treatment plans or medications that has resulted in better patient outcomes.

If you need anything further regarding my statement above, please contact me with any further remarks or questions.

Best,

Alexis Wood, CRNP

RE: Mary Ella Spivey, Letter of Recommendation

To Whom It May Concern:

I have had the privilege of precepting Ms. Mary Ella Spivey. I have found that she possesses outstanding qualities including self-motivation, intelligence and complex decision making. I observed Ms. Spivey to multi-task effectively. She is also very reliable, well organized, and she interacted very well with the patients.

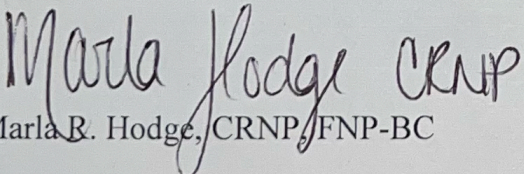

She has previously worked in the Intensive Care Unit, and in doing so she worked under a great deal of pressure and stress working with multiple physicians and other colleagues.

We were able to discuss and converse about multiple cardiac problems throughout her preceptorship. She was eager to learn new skills, and apply them to her patients. She was able to prioritize and manage her time very well.

I have been in the Nurse Practitioner role for 10 years now, and I know that she will excel in the Nurse Practitioner field. Therefore, I feel that Ms. Spivey would be an asset to any organization, and I strongly and highly recommend her without reservation into the position as a Nurse Practitioner in your medical office.

If you have any further questions, concerns or need any additional information regarding Ms. Spivey, please do not hesitate to contact my office. Thank you.

Sincerely,

Marla R. Hodge, CRNP, FNP-BC
